NUTRIFREE BRAND

For over 10 years we have been offering our consumers the opportunity of eating healthy and balanced food without giving up taste and conviviality

OUR PRODUCT OFFER

Nutrifree product range is full of different eating solutions to accompany the consumer in each moment of the day: sliced bread, buns, mix and flours, breadcrumbs, snacks, biscuits, cereals, brioches, Italian specialities and celebration products.

More than 90 gluten and lactose free products: simple and balanced recipes and great attention to taste and nutritional quality.

Nutrifree means also the largest offer of gluten and lactose free single portion products perfect to offer convenience and safety from contamination when eating out.

OUR FACTORIES IN THE HEART OF TUSCANY

Our Nutrifree products were born in the heart of Tuscany, in Altopascio, in three certified factories exclusively dedicated to gluten free production.

Internal production gives us the opportunity to guarantee more safety, a great flexibility, a constant innovation and a significant improvement of the food offer thanks to the ongoing research and development processes. The strict selection of raw material suppliers and rigorous supply chain supervision ensures high standard of quality and safety.

OUR CERTIFICATIONS

Nt Food ensures the highest quality and food safety standard as certified by BRC/IFS which guarantee more transparency to distributors and consumers.

Over the years Nt Food has collaborated with Associazione Italiana Celiachia to guarantee celiac and gluten intolerant consumers the safety of the products whose gluten content must be inferior to 20 ppm according to the Ministry of Health.

Nutrifree Experience at the service of the professional line

PROFESSIONAL LINE

Nutrifree professional line was born from the great industrial know-how, which is the result of more than 50 years of conventional baking. Our professional line involves a whole assortment of flours, breadcrumbs and balanced mixes, both gluten free and lactose free for the demands of professionals like laboratories and out-of-home operators.
